

2-PORT SC SIMPLEX
2-PORT LC DUPLEX FIBER OPTIC TERMINATION BOX

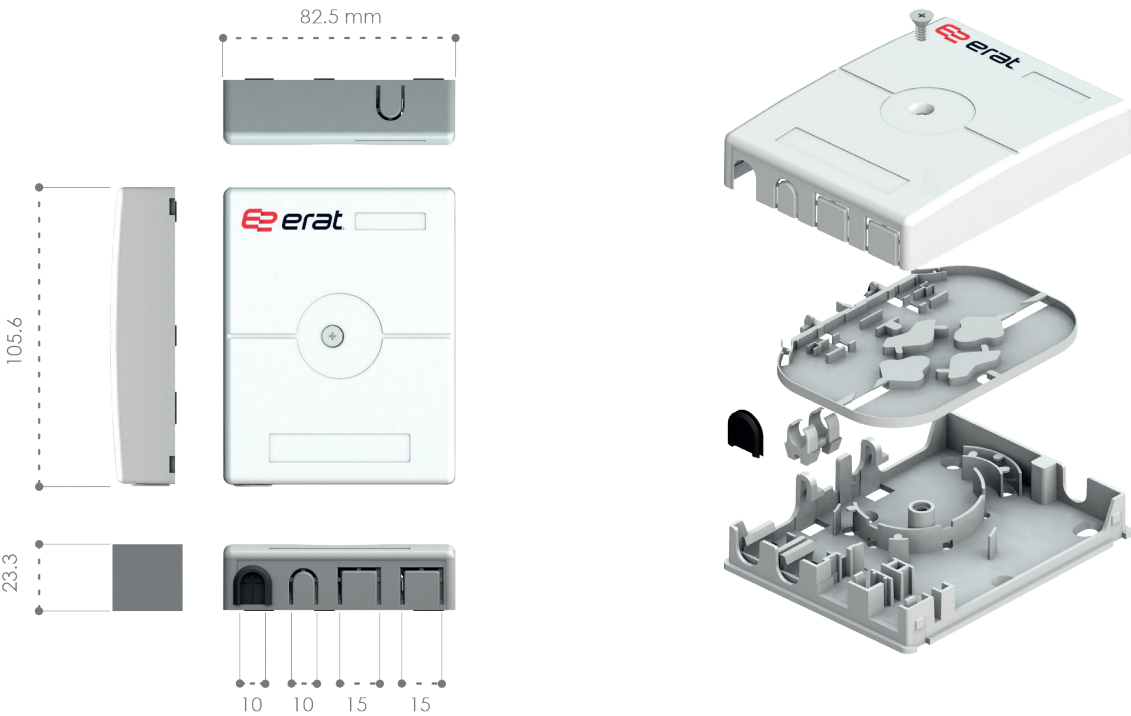

The ERAT Fiber Optic Termination Box is designed for indoor optical fiber termination in FTTH, FTTx, GPON, telecommunication, and fiber optic networks. It provides a compact wall-mounted solution for delivering optical access to end users in homes, offices, and villas, and is suitable for terminating indoor and drop fiber optic cables.

Backed by a 25-year system performance warranty when installed as part of a complete ERAT fiber optic cabling system.

FEATURES

- Designed for FTTH (Fiber to the Home) fiber termination applications
- Provides secure termination, protection, and organized management of fiber optic cables
- Manufactured from UV-resistant plastic for enhanced outdoor durability
- Protects fiber connection points against dust, moisture, and mechanical impact
- Enables neat cable routing and easy fiber distribution
- Suitable for both single-user residential installations and multi-dwelling fiber distribution systems
